

Make A Way

(Based on Psalm 42)

Verse 1

When people in the world come near
In terror and in fear
When all seems lost and far away
Remind me that you're here to stay

Pre-chorus

I'll fix my eyes on you God
Because you will make a way

Chorus

You will make a way, where there seems to be no way
You split the sea, when I face my enemies
When I feel torn, you walk me through the storm
You are always here, draw near

Verse 2

When my soul feels down and low
I'll remember what you've done
Your promises are here to stay
You're never going to go away

Bridge

All though the night
You sing songs over me
That every heart and soul will see
You see the tears and pain
You know us all by name
